

Hello, everybody. Here's the latest...

PML is running a promotion on our full-length coupler tubing. This tubing fits inside our Phenolic or QT airframe, and is shipped with our kits in shorter lengths as coupler tubes and pistons. It can also be very handy for making electronics bays and similar "slide-out" systems to make it easy to work on a project outside the rocket then slip 'er in place for flight. All the tubing below is 36" in length. Due to production tolerances, nominal sanding might be required for a proper fit.

CTF-1.52 \$6.95  
CTF-2.15 \$7.95  
CTF-2.56 \$8.95  
CTF-3.00 \$9.95  
CTF-3.90 \$11.95  
CTF-6.00 \$24.95  
CTF-7.51 \$31.95

Also, PML offers a fiberglassing service for our phenolic body tubing. All tubing except 11.4" dia. is vacuum bagged. The fiberglassing service leaves the tubes with a smooth finish, ready for priming and painting with little if any prep work required. This pre-glassed tubing is perfect for super-heavy duty flights that will reach 0.85 Mach or greater, your L3 project, or also is just nice to have so you don't have to fill the spiral grooves! If you're scratchbuilding, see the FAQ on our website for pricing for us to slot the 'glassed tubing for you. Also, any of our kits in these sizes can be "upgraded" to ship to you with pre-glassed tubing, all slotted and ready to go. Call PML at 810-468-1748 M-F 9-5pm EST for pricing details.

FGPT-2.15; \$70.00  
FGPT-2.56; \$75.00  
FGPT-3.00; \$85.00  
FGPT-3.90; \$95.00  
FGPT-6.00; \$165.00  
FGPT-7.50; \$175.00  
FGPT-11.41; \$215.00

- a) Airframe tubes 2.1" through 3.9" get 3 wraps of 6 oz. cloth.
- b) Airframe tubes 6.0" through 11.4" get two wraps of 16 oz. cloth.

You'll find the above information in the What's New section of our webstore, as well as in a pop-up window you'll see the first time you go to the site now. The above coupler tubing and fiberglass tubes are available for order in the What's New section right now, and are also on the "regular" part of the webstore as well. (By the way, that's always the way we'll be setting up pop-ups; you only should see them once the first time they're posted. We hate pop-ups as much as anyone, so we only bring them up once when there's something you haven't seen before. Your browser will have to be set to accept cookies for the pop-up to work).

As always, feel free to email me at any time with any technical questions you may have (though pricing, shipping, ordering, any "non-tech" questions should always be directed to "PML Central", usually through a phone call). I'm glad to help!
